Leader's Guide

Notes for Leader's

These leader's guides are designed to help stimulate our thinking in terms of how we can get the most out of the material and help others to fish out insights that perhaps are not so apparent to them. These documents are living papers and will be updated regularly.

We will list the section and page number from *The Ezra 7¹⁰ Plan Book 1– First Love: A Heart to Understand* for easy referencing.

As leaders and guides of these materials we have a special responsibility to walk people through the materials while pointing out things along the way. However, we are mostly guiding their footsteps, eyes, and ears, to experience the excitement of discovery on their own.

As leaders of this material we should do our homework thoroughly and complete the assignments on time. We should try and generate our own discussion points before using these guides. Just as it is impossible to write a complete commentary on any book of the Bible, these guides will not cover every possible insight. Please send in any great discussion topics or questions that have worked well with your group!

We should pray for wisdom as we do our studies and as we prepare to lead our group. Our little flock is precious to the Lord and we should be a good steward and a good shepherd.
